Subject: NF VALIDATION

Saint-Denis, October 10<sup>th</sup>, 2011

Dear Sir,

Following the positive agreement expressed on October 6<sup>th</sup>, 2011, by the NF VALIDATION Technical Committee – in the field of agribusiness analysis – and in accordance with EN ISO 16140 (2003) standard, I beg to inform you that the **NF VALIDATION certification** is granted to the company bioMérieux for the following alternative analysis method:

### **VIDAS Up Salmonella**

**Validated for the detection of *Salmonella* spp in all human food products (except raw milk cheese), animal feeding stuffs and production environment samples (except samples of primary production stage)**

**Certificate reference : BIO 12/32 – 10/11**

**End of validity : 6<sup>th</sup>-Oct.-2015**

A further letter will mention conclusions and possible reservations made by the Technical Committee. If reservations are mentioned, I ask you to take them into account without any delay.

Yours Sincerely.

**Managing Director  
Florence MÉAUX**
